

# Product-Information

## Ultra 2000 ecological facade paint remover

**Properties:** Ultra 2000 is specially suitable for removing dispersion coating on facades. Ultra 2000 is a highly viscous product, that does not run off even when applied to vertical surfaces. The stripping action includes any internal and external dispersion coatings. Heidt & Schwarzfeld Ultra 2000 does not contain any chlorinated hydrocarbons. Even oil paints and synthetic resin varnishes on wood and plaster can be removed with Ultra 2000.

Ultra 2000 is

- free of chlorinated hydrocarbons
- depth effective
- has a mild odour
- keeps for a long time once opened
- safe for water-carrier system and sewage purification plant
- non-toxic for the user

**Dosage:** pure

**Directions for use:** Apply Ultra 2000 in a thick layer (approx. 0,5 up to 2 mm). After the reaction time, which depends upon the temperature of the ground and the air temperature, the dissolved colour pigments should be removed with a high-pressure cleaning equipment or a spatula. Then wash off with water. If necessary repeat once more the process on the dry ground.

**Application:** approx. 300 – 500 g/m<sup>2</sup>

**Note:** Ultra 2000 has been tested by the Institute for Industrial Water Management and Air Pollution Control in Cologne. Ultra 2000 does not contain any wax and paraffin.

Please follow carefully the instructions and safety recommendations on the EU-safety regulation form.

<b>Specifications:</b>	Expiration	minimum of 2 years
	pH-value	~8 (2%)
	Contents	ester, glycoderivate, amide
	drainage-safe	biodegradable according to DIN

**Container size:** 30 Kg/container

UN-Number:	missing
UBA-Number:	12670031
Item-Number:	10700
