

Product-Information

Alu-Special-Polish-colour PU

GRM registered product for PU-cleaning and caring

Properties : For cleaning and caring varnished surfaces, powder and lacquer-coated metal facades, doors, aluminium, alloy steel, brass, chrome and window frames..

Alu-Spezial-Polish-Colour PU protects from the weather aggression by leaving behind a brilliant lustre and a longlasting protection. Particularly suitable for lackluster surfaces, light soiled PU-coatings and lacquers. Alu-Special-Polish-Colour PU does not attack bright metal and does not leave behind any residues on sealing compound and joints.

Dosage : pure

Directions for use: Shake very well Heidt & Schwarzfeld Alu-Special-Polish-Colour PU before using. Dry the ground and with a soft absorbent cloth or white hand pad distribute Alu-Special-Polish-Colour-PU onto the ground and then leave it to dry. Then polish with a soft cloth. For best result we recommend to apply the product one more time.

Application: approx. 20-50 g/m² per application

Note: Please follow carefully the instructions and safety recommendations out of the EU-safety regulations form.
