

Product-Information

HS-Sal Plastic intensive cleaner

Properties: HS-Sal is suitable for plastics, plastic-coated and varnished surfaces, e.g. facades, windowframes, art-deco furniture, advertising boards in plastic etc., as well as PU-coatings and eloxal.

HS-Sal cleans, cares and protects in one application. It removes automatically the strongest stubborn stains and protects from a quick re-staining. HS-Sal is easy to use.

Dosage : pure

Directions for use: Shake very well Heidt & Schwarzfeld HS-Sal before using. Wash off with water the loosened dirt from the ground. Pour HS-Sal on a soft cloth and distribute it in an uniform thin layer on the dry ground. After approx. 5 minutes polish step by step the ground with a soft clean cloth.

For the final cleaning we recommend to wash off with our neutralizer e.g. Bio-X-3000 PU.

Application: 1 liter for approx. 40 m²

Note: Do not use HS-Sal into direct sunlight or on heated grounds. Do not use at a temperature below + 10°C. Protect from frost.

Please follow carefully the instructions and safety recommendations out of the EU regulation form.

Specifications:	Expiration	minimum of 2 years
	pH-value	~8
	Contents	anionic tenside and preservative, solvent, polishing substances, care components

Barrel size: 10 l/Barrel

UN-Number:	missing
UBA-Number:	12670049
Item-Number:	10217
