

Product-Information

Stone oil

- Properties: ecological protective agent for magnesite and coal grounds.
- Chem. condition: colourless up to slightly brown, liquid up to lightly viscous
- Dosage: pure
- Directions for use : apply on a dry, clean, non-oily, non-fat ground (previously cleaned with Heidt PP). According to the capacity of absorption of the surface, impregnate one or several times after complete absorption of the previous quantity in each case.

The product penetrates into the layers within one up to two months. At this moment, wipe off dry the ground with an industrie hoover or just sweep. From the third month, wash off with Heidt & Schwarzfeld Bio-X-1000, diluted in a ratio of 1:100 by using a floor-washing machine.

Application: approx. 140 gr/m² per application

Note: Do not use the product at a temperature below +5°C.

Please follow carefully the instructions and safety recommendations out of the EU-safety regulation form.

Specifications : Expiration : minimum of 1 year

pH-value : neutral

Contents : natural oils combined with diverse unsaturated fat acids, preservatives and builder agents

Container size : 10 L / container

Un-number : missing
Un-number : 12670035
Item-number : 10611
